

# Download File PDF Facebook Blueprint Exam Schedule

#Jenny

*Finally I get this ebook, thanks for all these I can get now!*

#Rio

*Cool! I'am really happy*

#Markus Jensen

*I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook*

#Hun Tsu

*wtf this great ebook for free?!*

#Che Salsa

*My friends are so mad that they do not know how I have all the high quality ebook which they do not!*

#Diego Butler

*so many fake sites. this is the first one which worked! Many thanks*

1

Run system test and exam simulation

Download and run the system test from the same computer and location you will be testing from. The system test will simulate the exam experience and verify whether your system can run the online proctored software. The test includes a webcam, microphone and internet connection check. You will also take a one question exam that will test the secured browser connection. Note that the secured browser will take up your whole screen. This process will take approximately 5 minutes.

2

Review policies and procedures

To maintain the integrity of proctored exams in an online proctored setting, specific policies, practices, and procedures must be followed. Go through the policies and procedures to make sure you understand what you can do and cannot do while taking an online proctored exam.

[Policies and procedures](#)

3

Verify system requirements

Verify whether the computer being used for the online proctored exams passes the following minimum system requirements.
